

National Touch League
Open/Age/Youth
Touchdown scorers

History of Open Seniors and Youth NTL Try Scorers

The First National Touch Championships were

The Johnson Wax Touch Football Championships

played on the Gold Coast in 1980 with Mens, Women and Mens 35 Years Divisions. Six States were in attendance; Australian Capital Territory, New South Wales, Queensland, South Australia, Tasmania and Victoria with only the first three mentioned States competing in all three divisions.

In 1982 all eight States and Territories competed in the Mens and Womens divisions at the Second National Championships in Canberra. In 1988 The Australian Defence Forces fielded teams in the Mens and Womens divisions having been invited to submit teams in the Mixed and Mens 30 divisions in 1986. Mixed Juniors were introduced in 1983, Mixed and Men 30 in 1985, Men 40 in 1987 and Men 45 in 1994.

Women Divisions were hard to fill. In 1990 Women Over 25 were introduced but it wasn't until 1992 when Womens 27 filled four State teams to constitute a competition Division. The division went to Womens 30 in 1994 and in 1996 a Womens 35 division was introduced but lasted only two years due to lack of teams.

By 1995 States were "tied" of getting beaten by the two major States so the Open three division ceased and a new regional format of a national event was introduced. The National Touch League came into effect in 1997 at Coffs Harbour with twelve teams in the Mens and Womens Divisions and eleven in the Mixed.

A year later Age divisions moved from the State v State format to the Regional Permits format. For thirteen years the NTL progressed until 2011 when an Elite 8 for Mens and Women was introduced. The National had been a participation event for so long the authorities decided to have an elite competition as part of the program.

The success was so overwhelming that the Men and Women open divisions Permits began to struggle to field teams. It came about that 2013 T-League divisions were introduced for Men and Women and the current make up is of Elite 8, Mixed and T-League Men and Women open teams and various age divisions teams from Women Over 27 years to Men 60.

Touchdowns were first recorded in 1977 and attached in this document is the history of what has been happened since. There are many duplications due to Surnames incorrectly spelt or being changed due to various circumstances. In addition first names have been shortened or players given nicknames so there will be further duplications. Please advise me of any errors or omissions at caryandgwenda@bigpond.com
